

Reproductive Medicine Associates
of Southern California

We're glad you found us here at Reproductive Medicine Associates of Southern California (RMASOCAL). Perhaps you're struggling to conceive for the first time or have experienced multiple miscarriages. Maybe you're dealing with an endocrine disorder or wondering if fertility preservation is right for you. Whatever road you're on, we can help.

For more than 20 years our expert physicians, nurses, and entire team have been helping one patient at a time find the right path to success.

To get to know you, your goals, and your health history a little better, please answer the following questions so we can make the most of your new patient consultation. We are required by our governing organization, the Society for Assisted Reproductive Technology (www.sart.org) to ask many of the following questions which improve our understanding of reproductive medicine.

Depending on your health history it should take you between five to ten minutes to complete.

Have a question along the way? Call our patient liaison team 6:30am to 4:30pm M-F at 424-293-8841 or email us at info@masocal.com.
