

Visitation Policy

Patients may elect to have one family member present during outpatient procedures at the Liberty Corner Surgical Center. RMANJ celebrates the diversity of families. We recognize that a family member need not be legally, genetically or biologically related to an individual. For the purposes of our visitation policy, a family member may be anyone who plays a significant role in an individual's life. Family members may include, but are not limited to: spouses, domestic partners, significant others, parents or siblings, regardless of the sex, gender identity, gender expression, or sexual orientation of the relation. In order to maintain a supportive environment, Liberty Corner Surgical Center's PACU welcomes all patients and the members of their unique families.

If you experience any discrimination that you feel is related to your identity-status please notify:

Sandra Wells, RN, MSN
